SPA LUCE AT THE RENAISSANCE HOLLYWOOD HOTEL BREAKS GROUND ON CONSTRUCTION

Coming this winter, brand new spa is sure to be the talk of Tinseltown

Hollywood, California – The Renaissance Hollywood Hotel has broken ground on construction for its new Spa Luce. The state-of-the-art spa experience will include personalized treatments, celebrity-inspired pampering, and top-of-the-line beauty and health products.

A joint venture with WTS International, the new Spa Luce at the Renaissance Hollywood Hotel will offer a luxurious and relaxing experience on-site, without ever having to brave the Los Angeles traffic. Perfect for both the spa beginner and expert, Spa Luce will be setting the standard in quality service offering unique treatments and product lines in a rejuvenating environment.

Spa Luce is a haven from the Hollywood hype that transports guests to a place of peace and serenity. Infused with the healing energy of light combined with the power of aromatherapy, each of its signature treatments has been carefully created to take guests on a journey of harmony, restoration and inner balance. When completed, natural sunlight will stream into the spa, creating an environment where light and warmth are seen for their regenerative, healing properties. The spa will feature six distinct treatment rooms and is set to open winter 2007.

The following are two of the spa's signatures already in production:

imagine japan:

This revitalizing five part ritual massage combines the therapeutic properties of flower oils and fruit essences with rich minerals from the earth and sea flowing together to create a journey of true bliss. Be purified with yuzu mimosa sea algae, deeply scrubbed with gingergrass, polished with nutrient rich rice bran, and hydrated with rose, camellia and plum. Close with a shiatsu massage using kinmoxei wild lime silk oil to energize and restore the whole body

dream hammam:

An intense therapeutic transformation based on the skin care practices of the hammam bath houses of Turkey combining the art of massage, scrub, wrap and aromatherapy. In this five-step massage ritual, you will be intensely cleansed with Moroccan mint tea and silt, vigorously scrubbed with coffee, olive stones and fresh lemons, wrapped in rich rhassoul clay to draw out deep impurities, and recharged with quince and orange blossoms essential oils. We will seal in warmth with a Turkish massage using the curative essences of cardamom, jasmine, bergamot, amber and clove.
